

Propose

You are not required to have your proposed major in MyUCSC listed as Network and Digital Technology in order to declare the major. However, it is recommended.

Being a proposed major allows students to:

- * be connected to advising.
- * receive important communications.
- * gain access to enrolling in some major courses that may be restricted to proposed majors.

To change your proposed major to a Baskin Engineering major:

<http://tinyurl.com/m8j3u7w>

Qualify

Complete **36 credits** of major qualification coursework (listed below) no later than the end of your **5th quarter** at UCSC to declare.

•Major Qualification Courses:

MATH 19A
MATH 19B
AM 10 or MATH 21
AM 20 or MATH 24
AM 30 or MATH 23A
CSE 12
CSE 13S or ECE 13
CSE 16
CSE 30
PHYS 5A/L or PHYS 6A/L
PHYS 5C/N or PHYS 6C/N

Earn at least a **2.3 GPA** in the major qualification courses. That's a C+ average.

Make sure to take all classes you are using for major requirements for a letter grade.

Declare

Declare your major no later than your 6th quarter at UCSC.

- Visit <https://undergrad.soe.ucsc.edu/current-students/declare-your-major> to see the steps to the major declaration process.

The Baskin Engineering declaration process requires an early start. Be sure to visit the website and start the declaration process within the **first 2 weeks** of the quarter you are declaring! *Don't wait for the deadline!*
