

## Propose!

You are not required to have your proposed major in myUCSC listed as Network and Digital Technology in order to declare the major. However, it is recommended

**Being a proposed major allows students to:**

- \* be connected to advising
- \* receive important communications
- \* gain access to enrolling in some major courses that may be restricted to proposed majors.

**To change your proposed major to a School of Engineering major:**

Please visit <http://tinyurl.com/proposedbsoe>

## Qualify!

Complete **36 credits** of major qualification coursework (listed below) no later than the end of your **5th quarter** at UCSC to declare.

•Major Qualification Courses:

MATH 19A  
MATH 19B  
AM 30 or MATH 23A  
AM 10 or MATH 21  
AM 20 or MATH 24  
CSE 12/L  
CSE 13S or CSE 13E  
CSE 16  
CSE 30  
PHYS 5A/L or PHYS 6A/L  
PHYS 5C/N or PHYS 6C/N

Earn at least a **2.3 GPA** in the major qualification courses. That's a C+ average!

**Make sure to take all classes you are using for major requirements for a letter grade!**

## Declare!

**Declare your major no later than your 6th quarter at UCSC.**

- Visit <https://undergrad.soe.ucsc.edu/declare-your-major> to see the steps to the major declaration process.

**Baskin School of Engineering declaration deadlines are different than those for the rest of campus!** Be sure to visit the website and start the declaration process within the **first 2 weeks** of the quarter you are declaring!
